Butterfly Glasses
Easy to make, and fun to wear!

- Color the butterfly in any colors.
- Carefully cut around the glasses, following the bold line (  ). Don't forget to cut the sides of the body.
- Cut out the eye holes.
- Make two holes in the head and add pipe cleaner antennae.
- Punch a hole in the ends of the arms, and fold the ends back. Then attach pipe cleaner, and fold it around your ears.
